

Dear Colfax Arts Council Member,

It is time to renew your membership and we hope, as a member, you have taken full advantage of and enjoyed the programs your support has made possible over the past five years! We have attempted to enhance the quality of life in Colfax by making the arts easily available and accessible to all our citizens—school children and adults.

The on-going projects your membership has supported are:

- **Meet the Artist.** Co-sponsored by Whitman County Library, this series has brought artists from a number of disciplines—music, painting, cowboy poetry, photography, costume design, fabric arts, doll making, wheat weaving, book illustration, art book binding—to Colfax throughout the winter, spring and fall months of each year. The relaxed setting allows interaction with the artists and an opportunity to view their works "up close" on the first Thursday of the month at 7 p.m. at the library.
- **H'Art of the Palouse Banner Painting Contest.** This project, now in its fourth year, has brought original artwork to Main Street Colfax in one of the most visible art exhibits in the region. Each year the number of entries increases and we have added a youth division this year. Artists so far have ranged from 9 years old to over 80 years old!
- **Pre-loved Art.** Our CAC has a booth annually at the October Hullabaloo where we sell art work donated by members and friends.
- **Murals.** As you know, a historic mural was completed in our first year next to the US Bank parking lot. We are hoping to find other sites in town to paint murals in the future.

The Arts Council will team with the library starting this year to bring art classes to Colfax, particularly classes for children.

A special thank you to members who have volunteered to make refreshments for events, man booths and assist with projects. We welcome any and all ideas and participation.
Debi Anderson, CAC president

***Please Extend My Membership
Another Year!***
